Looking for a new bathroom?

Visit our **NEW** bathroom displays

A close-up, black and white photograph of several flexible tap connectors. The connectors are made of metal, with a hexagonal base and a threaded section. The central part of each connector is a flexible, braided metal hose. The image is taken from a low angle, looking down into the connectors, which are arranged in a cluster. The lighting is dramatic, highlighting the textures of the metal and the braiding of the hose. A solid green vertical bar is on the right side of the image, containing the text 'FLEXIBLE TAP CONNECTORS' in white, bold, uppercase letters.
